

Kind attention to: **All Parents / Guardians of Family Hope Center Students**

Subject : **FHC REGULAR SCHEDULE WITH STRICT SAFETY GUIDELINES**

Dear Parents/Guardians,

We would like to inform all the parents and guardians of all the students of Family Hope Center that we will continue to follow the same old schedule to our dear students. The current and circulating memorandum from the authority were only applicable to Mainstream and Kindergarten School and not for Centers such as FHC. Although of course, we are on standby for any directives particular to the Center or similar institutions that is appropriate, and until the latest data from the Ministry has been established, we will therefore forward the instruction and provide you the latest information as soon as we received the mandate.

With the current surge of Covid19 cases, please expect that we will implement a strict health and safety protocols including the temperature check for every student once they arrived and for every two hours, wearing face mask and a **GREEN EHTERAZ** for any staff or individual entering our premises and social distancing will be observed. Any events, group activities and special gatherings will be suspended until further notice. We would also ask for your cooperation to rehearse your child wearing face mask (if possible) and we request not to send any child to school if they are showing any symptoms while monitoring their temperature at home.

Thank you, stay safe and we anticipate your cooperation.

Sincerely,

**Dr. Joelle Al Asmar**

Head of Center

Family Hope Center - Qatar
